

CODE-A-PILLAR Kit Barcode: 33357004880653

Ages 3-8. Code-a-pillar™ inspires little learners to be big thinkers by encouraging preschoolers to arrange (and rearrange) the easy-to-connect segments in endless combinations, sending Code-a-pillar™ on his path. This learning toy encourages experimentation while developing important skills like problem solving, planning & sequencing and critical thinking. There's no end to the combinations kids can make – mix up the segments and put them back together to send Code-a-pillar™ in a different direction every time!

****A hard flooring surface is required, carpet does not work.**

Here's what's included in the Kit!

- (1) motorized head
 - (8) body segments
 - (1) red plastic circle
 - (1) green plastic circle
