

SNAP CIRCUITS, JR. Kit Barcode: 33357004873804

Snap Circuits makes learning electronics easy and fun! Snap Circuits uses building blocks with snaps to build the different electrical and electronic circuits in the projects. Each block has a function: There are switch blocks, lamp blocks, battery blocks, different lengths of wire blocks, etc. Just follow the pictures in the manual and build many exciting and educational projects! You can build 101 projects with this kit!
